

Speedy Side Mount

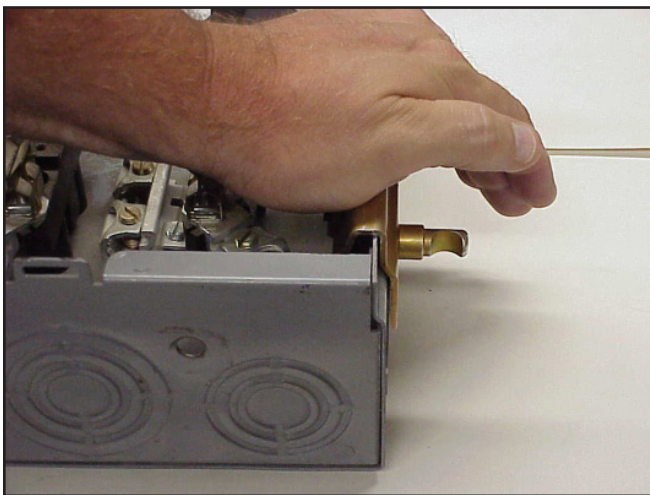

Speedy Side Mount

Description

The Highfield Speedy Side Mount is a cost effective, easy to install locking device for ringless meter enclosures. The spring clip design of the Speedy Side Mount allows for rapid installation on the side of any ringless meter enclosure. No tools are required for installation. Simply line up the spring clip bracket over the enclosure side panel and press down until it snaps into place. Replace the enclosure cover and install a standard length barrel lock to complete the installation. The spring clip holds it tightly in place.

Benefits / Advantages

- ◆ Case Hardened Carbon Steel
- ◆ Spring Clip Design for Easy and Quick Installations
- ◆ Accepts Standard Length Barrel Locks
- ◆ Cost Effective
